Dear All!

I have a great pleasure to invite future participants of the European Indoor Rowing Championships to Szczecin. I am pleased to say that we will host competitors of that developing sports discipline in one of the most beautiful Polish cities. I am convinced that our city offers an adequate potential, experience and appropriate hotel and sports infrastructure for such competitions. Our sports hall opened in 2014, the arena for the competition – for sure will attract numerous enthusiasts of rowing in a stationary form. The location of Szczecin offering a tremendous potential for water sports, rowing included, constitutes an additional asset. We are proud of our competitors and their achievements on sports arenas. We hope that thanks to that popularity we will manage to organize the European Indoor Rowing Championships in a most prestigious manner.

I believe that competitors will achieve very good sports scores and a lot of personal satisfaction. Simultaneously, we hope that spectators will have lots of excitement and only happy moments during their stay in Szczecin.

See you in Szczecin.
